

TAKE IT FOR A TWIST DRIVE.

The most satisfying part of your ride is the corner. It's what keeps you going back for more. It's what gives you real bragging rights when you beat your buddy. And makes you take a U-turn the moment you finish. Now with 1203 torque-heavy cc's on the all-new 2004 Firebolt® XB12R and 2004 Lightning® XB12S, the moment has never been more powerful. But don't take our word for it. Stop by a "Taking it to the Streets" event near you and arrange a Buell® test ride. Experience the heart-pounding, road rush for yourself. For more information contact your authorized Canadian Buell and Harley-Davidson® retailer. Call 1-800-LUV2-RIDE or visit www.buell.ca for the location nearest you.

Own the corners.™
